

Tudor Grange Academy
Kingshurst

Which Week?

This Week: Monday 12th June (Week 1)

Next Week: Monday 19th June (Week 2)

Sixth Sense

YEAR 12 only: Summer outdoor challenge

Many of you have expressed a desire to get active, competitive and outside during this half term.

The Sixth Form team are currently looking into running some friendly outdoor sporting activities. To contribute your ideas, please speak to Miss Foster.

A Celebration of Victory

Regardless of whether you are a football fan, Manchester City’s weekend win against Inter Milan was undoubtedly an impressive moment in sporting history.

After also winning the Premier League and FA Cup this year, their victory on Saturday in the Champions League final secured the completion of the Treble which has only been achieved once before in 1999 by their rivals Manchester United.

I’m sure many of our A Level students can relate to the sheer excitement and sense of accomplishment of players and city fans alike as they jumped for joy in celebration of their own Treble win last week after finishing exams for all three A Levels. Congratulations to those of you who have achieved this milestone in your own history! Enjoy the moment and bask in the glory.

Many of you continue to strive for own ‘trophy lift moment’ as you work towards final exams and coursework completion. Remember: you have lots of fans showing support and cheering you on. Keep going!

Exams this week: Good Luck!

Monday 12th	Chemistry Paper 1	9am (2hr)
Tuesday 13th	History (Cold War)	9am (1hr)
Tuesday 13th	Mathematics Paper 2	1pm (2hr)
Wednesday 14th	Business Paper 3	9am (2hr)
Thursday 15th	Physics Paper 3	9am (2hr)
Friday 16th	Biology Paper 2	9am (2hr)

General Reminders: Year 13 only

- You will not be expected to attend the subject lessons that you have finished exams/coursework in.
- BTEC students must report to their teachers and Mr. Bowers on completion to be officially signed off.
- On the day of your last exam, you must report to Miss Hunter in student services to complete an exit form.
- A whole year group celebration assembly will be taking place on Friday 23rd June at 2:30pm.

This week’s information sheet from National Online Safety seeks to inform parents and students about the risks of using OMETV.

For any feedback, please email: (Yr12) Mr Curran: ccurran@kingshurst.tgacademy.org.uk, (Yr13) Miss Foster: jfoster@kingshurst.tgacademy.org.uk;

What Parents & Carers Need to Know about

OMETV

OmeTV is another app which encourages users to 'make friends from all around the world'. People can search profiles by age and gender and send direct messages or photos. However, the app is primarily used for video calls. When using this feature, users are connected at random, although only their country of origin is shared. People can then either choose to move on to the next chat or can stay in that call for as long as they wish.

WHAT ARE THE RISKS?

STRANGER DANGER

While young people generally know not to share personal information with strangers, the safety of their home and the distance offered by technology can make them feel more relaxed and uninhibited. Combined with the fact that OmeTV provides a webcam function – and anonymity – it can be an easy way for groomers to gather information, ask to connect on other social media platforms, or potentially request intimate images.

EXPLICIT CONTENT

Unfortunately, there are a lot of users who use OmeTV's webcam feature to expose themselves. While users can swipe to the next call quickly, it's not something that can be filtered out completely – so young people could easily be exposed to highly inappropriate images.

REPORTING DIFFICULTIES

When video calling, the other person's username is often hidden and therefore they can't be blocked or reported. There is a 'Report Abuse' tab at the bottom of the video, but the speed with which calls can swipe past can make it difficult to use this system. There's also little evidence to suggest that offenders are dealt with appropriately (through warnings or account termination, for example).

AGE VERIFICATION

17+

Although the site states that users must be 18 or over, there's no way to verify this, and it's easy to use an existing Facebook account to log in, or for users to set up a fake account. To access OmeTV, users simply need to press a button confirming they're an adult, which means it's likely many users will claim to be much older than they are.

VIDEO RECORDING

When young people are chatting live on a webcam, they could be coaxed by others into doing things they don't feel comfortable doing, or persuaded that no harm can come from it. What they don't know is whether the other user is recording them. These videos could then be used to embarrass or blackmail them, or they could be kept by a potential online predator.

LIMITED PARENTAL CONTROLS

OmeTV has very limited parental controls. There is a 'safe mode', but this is of little practical use given that explicit content isn't filtered out. While the site lists several rules and regulations, there are few apparent ways to enforce them or restrict what users can see or do.

Advice for Parents & Carers

FOLLOW AGE GUIDELINES

OmeTV has an age recommendation of 18 and over, which suggests the developers are aware that it may facilitate adult content. It's important to adhere to the age guidelines and try to restrict access to the app for younger users. If you find it on an under-18's device, talk to them about the potential risks and explain why they probably shouldn't be using it.

DISCOURAGE CHATS WITH STRANGERS

Remind your child of the dangers of talking to strangers online. The anonymity OmeTV offers, plus its webcam function, makes it an attractive place for groomers to network and create inappropriate content. Explain that your child may see something which upsets them – and that it's a crime for anyone to expose themselves to a young person online.

DISCUSS THE DANGERS

Maintain communication with your child about online safety and empower them to protect themselves. Simply deleting an app from their device impacts their independence and can cause resentment. Instead, highlight news reports of predators exposing themselves to children on the internet, and discuss what they should do if asked for explicit images.

ENABLE PARENTAL CONTROLS

Regardless of how responsible your child may be, it's essential to use parental controls on their device. It's easy for young people to get lured in by others, feeling they've built up a trusting friendship and being coaxed into doing things they wouldn't normally do. Ensure in-app purchases aren't enabled on their device, and emphasise that they can always talk to you about anything online that worries them.

Meet Our Expert

Dr Claire Sutherland is an online safety consultant, educator and researcher who has developed and implemented anti-bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian government comparing internet use and sexting behaviour of young people in the UK, USA and Australia.
